

30 January 2017

Dear Terry,

We had a fantastic experience building our family home with Golding Projects. It was an absolute pleasure dealing with you on a day-to-day basis. We would like to thank you for always making yourself available to discuss various aspects of our build whenever required. Any issues encountered were dealt with openly and practical solutions were always achieved.

Our positive experience with you extended to your team, who were always friendly, reliable and professional. Most importantly, their work was always of the highest standard.

Your approach to pricing was very transparent, something we valued greatly during the planning and building processes. Ultimately, our house was delivered on-time, on-budget and just how we imagined it would be.

Your after-sales service has also been fantastic, regularly checking that we are happy with our house after moving in.

We are ecstatic with the house that you and your team built for us and would recommend Golding Projects in a heartbeat to anyone looking to embark on a similar journey.

Best regards,

Tom Rogers
