July 10, 2005

Mr Terry Golding,
Goldlink Developments,
31 Lansdowne Tce,
Vale Park, 5081

To whom it may concern,

Just over 3 months ago Diana and I purchased our first home from Goldlink Developments. We were very happy with the service we received from the company, and Terry Golding in particular.

It was clear from the first inspection that the house had been built by highly capable craftsmen. Attention to detail was evident throughout, from the interior finish to the quality of the surrounds.

During the negotiations to purchase the house, Terry was willing to come to an arrangement which suited both of us. Terry agreed to make a number of minor modifications to the house which meant it suited us exactly and made the purchasing process smooth and a first-class experience.

Terry has given us excellent service after the sale, including a lovely welcome into the home upon settlement and several visits afterwards to ensure all aspects of the house were satisfactory.

Both Diana and I would have no hesitation in recommending Goldlink Developments to any future home buyers.

Regards,

Rhys Hill
