

9 Olive Grove,
HAZELWOOD PARK, SA, 5066.

9 June, 1998

Dear Terry,

We would like to thank Golding Family Builders for building the solid brick carport and workshop which was recently completed at our home.

Throughout its construction we received prompt attention and any questions we had concerning the building always received an immediate response and were acted upon to our satisfaction. The site was kept in a tidy and orderly state at all times. The tradesmen were skilled and always obliging and Bruce inspected the project regularly and ensured that the work progressed smoothly and continuously.

We are very pleased with the end result and again thank Bruce, Ben and Terry for your roles in achieving this result.

With kind regards,

Yours sincerely,

Pat & Mark Symons.
