

Angela & Jamie Thompson
Morgan Ave.
Daw Park S.A.

The one word to describe Golding Projects... Awesome.

From the initial meeting with Terry, through the design, building and completion of the project, everything was seamless.

Terry provided daily updates of the work to be completed and if there were going to be any delays.

The tradesmen used were of the highest quality with the site being left immaculate after each day. Terry would often call in last thing of the day to ensure the site was clean and secure and to arrange the next days work.

Golding Projects could not come highly recommended enough. We are looking forward to the next project with Terry and the crew.

Thank you Terry once again

Angela & Jamie Thompson
