

To whom it may concern:

Re: Terry Golding Pty Ltd

It is with great pleasure that I once again write to thank Terry Golding and all the people that work with him, especially Dave Maunder for the superb work undertaken and completed on our home at Paracombe.

Terry started in January with a significant overhaul of our house on the outside and returned in May to undertake work on the interior. We had our laundry rebuilt, kitchen remodelled, tiling done throughout, painting done throughout and extensive electrical alterations (thank you Peter).

As per usual all work was done when we were told it would be done and the standard of craftsmanship was outstanding. All the contractors were polite, friendly and considerate of our needs, as we were living in the house at the time!

I can wholeheartedly recommend Terry and his team for any work that you may want done.

Thanks Terry.

Best Wishes

Ian Ward
